RESULTS 2025

This year, our 223 Upper Sixth leavers achieved 60% A*/A grades (or equivalent), with 83% A*/B (or equivalent).

In BTEC, students achieved 20 Distinction*s and a further 36 Distinctions, meaning that 88% of grades were at least a Distinction.

EPQ results were also impressive, with just under two-thirds of the 61 entries gaining at least an A grade. Of the 17 students who took the new Core Maths qualification alongside their A levels, 13 achieved one of the top two grades.

Our 53 IB Diploma students performed superbly, with an average score of 39.81 points – placing Bromsgrove as the second-highest co-educational IB school in the UK. Thirty-nine students scored at least 40 points; of these, six achieved 44 points and five attained the maximum 45 points – a result achieved by fewer than 1% of students worldwide. On the UCAS tariff, our average IB student achieved more than the equivalent of A*A*A*A* at A Level.

Some leavers have secured prestigious degree-level apprenticeships or will begin employment, while the majority are heading to some of the best universities. Here, too, the picture is very encouraging: at the time of writing, some 200 students have gained entry to their first-choice university.

We warmly congratulate our leavers, and the staff who have supported them, on an exceptional set of results. Some have spent most of their lives at Bromsgrove, while others joined more recently; some have lived locally while others have travelled from across the world to be part of our School family, but all will be greatly missed. We wish them every success and happiness in the years ahead and hope they will always keep in touch. They leave us with bright futures ahead of them.
